KOLELEMOOK LAKE PROTECTIVE ASSOCIATION

2026 Dues Notification

The KLPA Board is looking forward to supporting another successful summer of activities on Kolelemook Lake! The majority of your annual dues allow us to hire a Lake Host to inspect watercraft entering the lake from the town beach for invasive species and conduct monthly water sampling and analysis to assess the overall health of our lake. These initiatives along with other programs and outreach help protect and preserve this special resource in our town.

As you may know, the KLPA Board has embarked on an ambitious plan to fund and complete a Watershed-based Management Plan (WMP) for Kolelemook Lake. Currently, we have enough funds to cover our anticipated obligation to complete the project. However, the KLPA Board has decided to establish a separate Watershed Fund to be used exclusively to address remediation issues recommended by the WMP AND provide an emergency fund to respond to any immediate issues that threaten our lake such as detection of invasive species or cyanobacteria blooms. A speedy response to any environmental issue is key to timely and cost effective remediation and having a fund to draw from will help immensely! So please consider adding a donation to our Watershed Fund in addition to your annal dues renewal.

Remember KLPA is a 501c3 organization, so your donation is tax deductible and may also be eligible for a matching gift by your employer!

You can donate by filling out and returning the form below with a check or pay online via credit card, debit card or PAYPAL at our web site –

www.kolelemook.org/membership.

YES – I would like to support the KLPA with my 2026 dues contribution! (please check one):
